

Table 6. Applicant checklist for all SRFB applications. All materials are required at the submittal deadline. Applications missing required components at the submittal deadline are incomplete and will be disqualified. Applicants should discuss with LCFRB staff early in the process if they are concerned they will not be able to meet a required application component. Additional information is available in SRFB Manual 18. Materials can be accessed via the checklist links.

<b>LCFRB Application Materials Checklist</b>
<a href="#">Project record data</a> <b>*LCFRB staff will provide a template spreadsheet for applicants to complete. Applicants cannot work in PRISM until staff receive this information and create a PRISM project record.</b>
All <a href="#">PRISM</a> Online data fields and tabs completed. <b>*LCFRB staff will provide applicants a PRISM project record number and link</b>
<a href="#">SRFB Application Authorization Form</a>
Project photos in .jpg format (two minimum, five maximum)
Project area maps
For acquisition, restoration and design proposals sponsors must provide current signed and dated <a href="#">RCO Landowner Acknowledge Form</a> for all affected landowners.
For monitoring, nutrient enhancement, vegetation management, and assessment proposals sponsors must provide a current signed and dated <a href="#">LCFRB Landowner Certification Form</a> .
